

9 November 2016

Dear Parent/Carer

Y11 Mathematics, English and science revision evening Tuesday 15 November 5:30 – 6:30pm

As you may have seen this summer, Outwood Academy Bydales achieved the best ever results in its history, with 75% of students achieving 5 A* - C grades including English and maths. Last year we had a huge buy in from students and were also helped a great deal by parents who coached students to achieve these outstanding results by supporting them at home. This year we are hoping to have the same fantastic response from students and the help from parents at home, particularly given Year 11 for the first time sat GCSE exams in Year 10, and therefore will hopefully have been motivated to work hard this year from that experience.

To help this, we would like to invite you to a joint maths, English and science revision evening within school on Tuesday 15 November. The evening will consist of a presentation on the work your son/daughter will be doing within lessons in the approach to their summer exams in 2017 and what tasks will be expected to be completed at home. Mr Upex, Miss Conroy and Mrs Chiverton will discuss the type of activities students will be expected to complete at home and talk about the ways in which we can support students to strengthen their understanding. This will include a brief demonstration on how to use the My Maths website and the Mathswatch VLE from Mr Upex to help students maths revision at home. After the meeting there will be a chance to speak to staff to answer any questions that you have in regards to the GCSE subjects.

We are also issuing an extensive 'Revision Bag' of materials, revision guides and so on to support and give to students and really want the opportunity to explain this to you.

There will be refreshments served at the evening in terms of drinks and homemade cookies, hoping that will persuade you further to come along!

Your support as always is greatly appreciated and we look forward to meeting you.

Yours faithfully

Paul Upex
Head of mathematics

Lynne Conroy
Head of English

Alison Chiverton
Head of Science

Andrew Wappat
Principal
