

5 July 2018

Dear Parent/Carer

**Masters Regional Code Breaking Event - Wednesday 18 July 2018**

Your son/daughter has been selected from hundreds of students as one of our most gifted mathematicians to represent the Academy in our first Outwood Maths Masters challenge. This initial event will be held at **Outwood Academy Acklam** on **18 July 2018**. This is our first regional challenge where all the most gifted mathematicians from local Outwood Academies will get together to compete in an exciting code breaking challenge and introduce them to some wonderful mathematics.

The Maths Masters program has been set up to enthuse, inspire and excite the most gifted mathematicians. We want to ensure that these students are made fully aware of the STEM based careers that are available to them due to their special talent within our great subject. Events will continue throughout the next academic year. We aim to make students aware of all of the opportunities that mathematics can introduce students to, as well as all the careers that are opened up through the subject. We also want to continue to inspire their love of maths too of course.

The event will run between 10.00am and 1.00pm so students will need to arrive to school at the normal time and will return to school before 2.30pm, so that their usual travel arrangements to and from school will not be affected. Students will be taken to and from **Outwood Academy Acklam** by coach and will be escorted by a member of staff from school. Lunch and refreshments will be provided throughout the day.

To allow your child to attend the event, please complete the reply slip overleaf and return to **Miss Clewlow** by **Friday 6 July 2018**.

Please do not hesitate to contact me should you require any further information via [l.clewlow@bydales.outwood.com](mailto:l.clewlow@bydales.outwood.com) or 01642 474000.

Yours faithfully

Louise Clewlow  
Teacher of mathematics
