Dear Parent/Carer

First Lego League Enrichment – Every Wednesday, 3.30pm – 4.40pm

We are pleased that your child has been selected to represent Outwood Academy Bydales at this year's 'First Lego League' competition. First Lego League is a global science and technology competition with over 250,000 young people taking part each year, with every team consisting of up to 10 members, working together to build and program a Lego robot to complete a series of missions around a selected theme.

This year's competition will take place at Teesside University in January 2020 (date to be confirmed) where the team will get the chance to show off their skills and their teamwork ethic, by competing against other schools from around the area.

I would like to invite your child to attend First Lego League Enrichment every Wednesday starting from 2 October from 3.30 – 4.40pm, as this will give the team an extra hour a week to build their robot, on top of the usual Wednesday Lego Club that is from 2.30 – 3.30pm.

I have provided each team member with a booklet about the competition and the missions. If you have any questions please don't hesitate to contact me via o.heason-phillips@bydales.outwood.com

Yours sincerely

Olivia Heason-Phillips
