Dear Parent / Carers

### **Morning Revision Sessions for GCSE Examinations 2022**

As the GCSE exams are due to commence very soon I wanted to share with you the morning revision session timetable.

We know the students who attend the breakfast revision sessions are better prepared for their exams and they have a positive impact on student confidence prior to the exam. This was evident in the mock exams.

Please support your child by encouraging attendance at all their breakfast revision sessions, which start at 7.30am prompt. Students are expected to enter the academy via the normal student entrance and register with Ms Rice/Miss Ferris.
