

Y11 Enrichment - 2023

Whilst examinations are taking place the enrichment timetable is changed to give greater flexibility close to specific individual subject examinations. There are also some private study sessions where students can use our library or study at home. Some enrichments also change to 'drop-ins', this means students are welcome to attend if they have specific questions/areas they would like support with, but there will not be a structured taught session.

Monday 15 May	Science
